SUBJECT: GENERAL— Operational

SPECIFIC— Willi HOETTL's Notebook

INTEL/TCPOLE

Reference: SSALZ 1024

1. Attached is what is believed to be a hand-written copy of the major portion of Willi Hoettl's address book. According to Special Agent Rolf Ringer who interrogated Hoettl on 18-19 February 1953, it is believed this material was copied surreptitiously from Hoettl's address book during a trip which Hoettl made to Germany in the company of Walter Lauber and Curt Ponger. The original notes were picked up by CIC upon the arrest of Walter Lauber circa 7 February 1953. The attached is the best possible transliteration of the address book entries. As you will note, there are several question marks which denote our inability to decipher what is believed to be Lauber's handwriting.

2. As you will note, CC-2 of the Grossbahn operation appears in the attached by name. We also find the name of HH-1 and the private telephone number of XX-1, although the latter is not mentioned by name. None of the above is particularly surprising, especially since we have known of CC-2's contact with Hoettl. We intend to check out XX-1 on this matter prior to his impending release. A copy of the attached list has been passed to Grossbahn with the statement that this has been obtained surreptitiously from Hoettl's file, and Grossbahn is currently doing a file check on the individuals involved. Salzburg Base will also attempt a file check on the attached as time allows.

3. The attached is passed to POB and Fran since there is a possibility that some of the individuals mentioned in the attached may be ZIPPERITES and hence may enable us to learn more about Hoettl's connections to ZIPPER. Fran may also wish to check their files to see if they and the old master fabricator, Hoettl, are in joint contact with any other German sources.
